

# EARTHlite®

World's #1 Brand in Massage™

*"The best and most beautiful things in the world  
cannot be seen or even touched.  
They must be felt with the heart."  
- Helen Keller*

# from our **Founder**

## **Born from a Therapist**

Earthlite wasn't always the industry leader in massage tables that it is today. Back in 1975, I was a new student at the Florida School of Massage. The first table I made was for a classmate. It was a beauty — Douglas Fir frame, Naugahide cover, foam pulled from an old couch. It must've weighed 50 lbs! But, in those days, there were few massage table manufacturers. We had to get our tools any way we could. I earned a few extra dollars making tables for other students. At that time, I used an old Sears Craftsman table saw and built them in a friend's garage. I did this out of my love for woodworking and my desire to help other therapists *"heal humanity through touch."*

## **Happy Hippie Days**

For the next 6 years, I practiced massage therapy all over the country from the back of my 1966 Volkswagen van. I didn't build any tables during that time, but I sure learned how to survive as a massage therapist and what a great portable table should be.

The name **Earthlite** came to me over the whine of my VW engine at the tail end of a cross country trip. It was a perfect name for my fledgling, eco-sensitive business. I was on my way to San Diego, where I finally settled down. My massage therapy practice took hold and I began making tables in my backyard with my old woodworking tools. I made a few tables here and there for some of my friends and referrals. I liked to say that they were *"built with love."* They must've liked them as more and more referrals kept coming in. Massage therapy was becoming more mainstream. Many gifted people were entering the field.

*The early days  
at Earthlite*

## **California Crafted**

Earthlite was really born in 1987, when Massage Table Store, the first California massage equipment retailer, began purchasing its tables from me. Fred Campbell, founder of Massage Table Store and a massage industry icon, put his faith and trust in us, and with that first big order, Earthlite was born. Living in California, with all its natural beauty, made us very conscious of our relationship with our fragile ecosystem. We worked hard to use renewable materials and environmentally friendly glues and lacquers, among many other things. This environmental focus has only intensified with time. We didn't have a grand vision back then – only to make a quality massage table that our therapist customers could be proud of and would last a lifetime. It's funny, I can't help but fill up with pride when I hear from one of my early Earthlite customers who is still using his/her table today.

In 1991, Jon Roleder, an expert in furniture manufacturing, joined with me to help get the company to the next level of quality and efficiency. It was one of the best moves I ever made as demand for Earthlite tables exploded thereafter. Jon's expertise came in quite handy. In those early days, Jon and I would deliver tables from the back of an old pickup truck in order to save even a few dollars in shipping.

In 1992, we added our first forklift. The quantities of lumber were getting too big for us to handle by hand. The bank made us pledge everything we had (including my VW) in order to get a loan. It was a big milestone for us. We were so proud.

By 1997, Earthlite was approaching 200 employees. Massage therapy schools were opening everywhere. By now, we had the Spirit and the Avalon tables and were making chairs, stationary tables, and accessories. Four licensed massage therapists were employed by Earthlite to deliver a weekly therapeutic massage to each employee. Today, it's a big reason why we have one of the lowest woodshop workman's comp. claims rates in California. It's also one of the reasons we still have many of our first employees dating back to our early days. If only more companies understood the healing power of massage.

## Global Engagement

Over the past 5 years, our business has become more complex. The rise of internet use, global expansion of massage modalities, and global manufacturing placed many new challenges on us. In late 2003, we took on another partner, Jim Chenevey, to help us navigate this global complexity and enhance our execution in this rapidly changing environment. In the past 24 months, our team has filed 27 patent applications, while innovating basically our entire product line. As of today, we have operations on three continents and have launched our global environmental sourcing initiative, ensuring that all of our tables are produced with the same environmental integrity.

## Respect for Nature

Since 1987, Earthlite has done its best to respect our beautiful world, using environmentally friendly materials and processes. Environmental integrity is at the core of our company philosophy. We recycle, minimize waste and build our tables to last so they won't show up in landfills. We promise to never compromise on materials to save a dollar, but to make our treatment tables the best we can, with the same care and love our customers have come to expect from Earthlite.

## Sustainability starts with our employees

We believe that happy and healthy employees will build products they are proud of. As a result, the products will last longer and perform better. That is why, in addition to our other benefits, each and every employee at our manufacturing facility receives a therapeutic massage every week.

## Renewable, managed forest hardwoods

As an eco-conscious woodworking company, we depend solely upon farmed and renewable wood sources from managed forests. We are careful not to strip our lands of their valuable resources. Earthlite is committed to not using rainforest hardwoods nor wood from old growth forests and will continue to recycle intensively throughout our factory and office – while using optimized equipment to minimize the drop wood needed for manufacturing.

## Plant-a-Tree Promise

Earthlite has begun a program to plant a tree for every treatment and portable massage table we build in an effort to reduce our carbon footprint.

## Earth Friendly Materials and Process

- Luxurious 100% PU Natursoft Vinyl. (PVC-free)
- CFC-free cushioning systems
- Water-based lacquers & glues
- CNC optimized wood cuts to significantly reduce scrap wood
- Intensive wood and sawdust recycling program
- New, energy efficient factory lighting
- Biodegradable cardboard packaging
- Stationery printed on recycled paper & with eco-friendly inks
- Inner office recycling program

## Preserving our Heritage

In the face of this incredible growth and change, my top priority at Earthlite has become the preservation of our company core values and brand identity. First, I felt compelled to put down to paper our **Guiding Principles**, which work to set a framework for our relations with our customers, our employees, and our environment. You can see them on the back page of this catalog. Next, we made a number of Earth-friendly changes in our product line and sourcing, including our new, PVC-free **NaturSoft™** and **Nature's Touch™** vinyl lines and an Earth-friendly global sourcing network. We're proud of our efforts in this area, and of course, our work to harmonize with the environment will only increase with time. We respect and value the tremendous skills of our employees and will continue to be dedicated to excellence in all that we do.

## Healing Humanity Through Touch

In early 2005, our hearts and values compelled us to respond to the **Tsunami Disaster**, with an employee matching gift program for the American Red Cross and the formation and sponsorship of the **Earthlite Response Team (ERT)**. The ERT is a team of handpicked massage therapists, who delivered massage therapy to victims and relief workers in the aftermath of the tsunami in India and then Hurricane Katrina in the U.S. I feel blessed that Earthlite is able to make high-quality products to assist so many massage therapists in their efforts to heal humanity. Earthlite is the product of a value system many of us share. Thank you for believing in us and our products.

May your journey be one of fulfillment and satisfaction.

A handwritten signature in black ink that reads "Tomas Nani".

Tomas Nani, Founder  
Earthlite Massage Tables

# the Earthlite Difference

## Computer Aided Designs

Earthlite's engineers have pushed the envelope of innovation, with computer aided designs, including lightweight proprietary Tri-tech™ tabletops.

## Precision Manufacturing

Our craftsmen use tighter tolerances to give Earthlite tables and chairs their unmistakable strength, stability and lifetime durability.

## Environmentally Friendly

Our materials & processes demonstrate our care of the environment. Managed forest hardwoods, CFC Free foams, PU vinyls, water-based lacquers, and a commitment to recycling.

Our skilled craftsmen at Earthlite have been perfecting the production of long-lasting professional massage tables for three decades. The use of the highest quality materials, the detailed design and careful construction of Earthlite products separate us from our competition.

**Innovative Designs** – Incorporating useful new technologies into our time tested table designs is an Earthlite cornerstone. Recent examples include the proprietary 10 layer laminate hoop design, which yields beautiful round corners on the new Spirit and Infinity tables, weight reducing Tri-tech™ load dispersion technology on our lightweight models, and the Luna's proprietary Shimmy-Lok™ leg brace. All of these (and many other) patent pending innovations can only be found on Earthlite tables.

**Quality Hardwoods** – Our tables use only the best Maple hardwood and Aircraft quality birch plywood for solid, long lasting construction. Earthlite uses no rainforest hardwoods or wood from old growth forests. We depend solely upon farmed and renewable wood sources.

*respect for nature*

**EARTHlite**  
World's #1 Brand in Massage™

**Luxurious Vinyl and Cushioning Systems** – We've yet to find a better vinyl than our Earth-friendly, 100% PU Natursoft™ and Nature's Touch™ vinyls. And, we don't compromise on our high density, flame retardant, CFC-free cushioning either. The *Pro-Plush*™ and *Pro-Lite*™ multi-layer, multi-density cushioning systems are supple to the touch, yet firmer on the lower layers to eliminate "bottoming out."

**Time Tested Manufacturing** – Through years of experience, our craftsmen have learned how to make strong, durable tables that are squeak-proof, ensuring years of quiet use. Quality woodworking, solid corner blocks, precision-fit legs and stable endplate designs ensure a solid and stable working surface.

**All the Bells and Whistles** – Reinforcing ribs, Reiki endplate options, soft touch knobs to make table adjustments quick and easy, soft padded handles, rubber grips to keep the headrest in place and Shiatsu cable release are just some of the many features found on our premium tables.

**Natursoft and Nature's Touch**  
Our Earth-Friendly, 100% PU Vinyls are the state-of-the-art in quality, softness, and durability.

**Highly Skilled Workforce**  
All of our employees are thoroughly trained and skilled, ensuring quality and consistency. We are proud of the fact that many of Earthlite's employees have been with us for over 10 years.

**Weekly Therapeutic Massage**  
Earthlite stands behind its belief in healing through touch by giving each employee a weekly therapeutic massage, by one of our four licensed massage therapists.

reverence for wood

# the NEW Spirit

For three decades, the **Spirit™** portable massage table has been Earthlite's flagship model — the best of the best. Rounded corners, stronger, flatter working surface, new softer vinyl; the Spirit has been brought to new levels of performance by our designers. We've combined the finest workmanship and materials with an innovative new hoop construction to bring you the ultimate in strength, stability, and style. Take your healing practice to new heights with the Spirit massage table.

Portable Tables

# the Spirit LT & LTX

## The Spirit™ LT & LTX

We challenged our Earthlite engineers to make a full-sized hardwood table with the strength and weight properties of aluminum. The results: the Spirit LT and LTX. First, they designed a radical weight saving deck with our patent pending Tri-tech™ load dispersion technology. Add a weight saving leg design and our Pro-Lite Foam system and you have a beautiful wood table, weighing only 26 lbs. Wow!

lightweight, compact,  
and strong

### Specifications:

Static weight tested: 2000 lbs  
Maximum working weight: 500 lbs

### Caress™ Facecradle

The Caress™ conforms to the unique face shape and contours of every client. Soft-Petals™ flex and balance to suspend your client's face in a cradle of comfort. Sinus pressure is reduced and pressure points eliminated. When combined with our Form-fit™ memory cushion, the Caress molds itself perfectly to each and every face shape and size. Perfect for stationary tables.

*Independent Soft Petals™ flex to create the perfect platform*

**NOTE: All of our Headrests and Facecradles can be adjusted quickly and easily in both height and tilt angle with a single cam lever.**

### Flex-Rest™ Facecradle

Lightweight and compact, the Flex-rest™ is our newest facecradle innovation. Its platform has patent pending elastomeric connective tissue, which flexes under pressure to create the optimal pivot point to suspend your client's face in a cradle of comfort. When combined with our Form-fit™ memory cushion, the Flex-Rest molds itself to each and every face shape and size. Ideal for portable massage tables.

*Platform flexes to adapt to every face shape*

### Deluxe Adjustable Headrest

This quality headrest has a simple, elegant design for maximum adjustability and durability. Folds away easily when not in use.

### TravelMate

A desktop, go-everywhere, massage support. It brings your therapy to any home or office. It even works with clients in wheelchairs. It sets up solidly on any desk or table top – adjusts easily, providing balanced support to your client's head and chest. Weighs just 9 pounds. Carry case included.

### Memory Foam Cushion

Made from temperature sensitive viscoelastic foam, this is the most comfortable headrest cushion we make. It conforms to the contours of your client's face for a custom fit and previously unmatched comfort.

# Supplies and Accessories

Earthlite Supplies and Accessories

**EARTHlite**  
World's #1 Brand in Massage™

## Supplies and Accessories

Today's massage therapists demand not only quality and performance they can count on, but also value. For years, Earthlite has provided spas and massage therapists with a wide array of high quality accessories and consumables. With the Earthlite brand, you can count on the finest materials, quality workmanship, and consistent performance. In order to provide the best value and selection to our customers, our accessories are packaged under two product lines, Earthlite Samadhi-Pro™ and Earthlite Basics™.

### *Samadhi-Pro*

#### **Samadhi-Pro™**

The Sanskrit term Samadhi (a state of bliss or enlightenment) best captures the essence of Earthlite's top-of-the-line, luxurious array of accessories. Earthlite designed the Samadhi-Pro line for massage professionals, who seek to give their clients the ultimate massage experience. The Samadhi-Pro line of massage accessories and supplies utilizes the finest materials, advanced design, and superior attention to detail. From digitally controlled table warmers, super high thread count velvety flannels, to thick and warm fitted fleece pads. For the ultimate in accessories and supplies, choose Earthlite's Samadhi-Pro.

### *Basics*

#### **Earthlite Basics™**

Earthlite Basics massage accessories and supplies incorporate the quality, durability, and performance features that are considered most important and essential by professionals. Easy gliding water soluble cremes and oils, high performance table warmer, cushy fleece pads, quality crescent covers – the Earthlite Basics line – everything a massage therapist needs.

# Linens and Coverings

- 1 year limited warranty

## Samadhi Pro

### Flannel Sheets & Crescent Covers

Our flannel sheet sets, Top Sheet, Fitted Sheet and Crescent Covers are made of pre-shrunk cotton flannel and are double-napped for an extra level of soft, luxurious comfort. They may be the softest flannels you will ever feel and will withstand repeated washings.

Each **sheet set** consists of a flat sheet, a fitted sheet, and a crescent cover.

The **top sheet** is generously oversized and measures 60" x 88" inches to easily cover your larger clients.

The **fitted sheet** is hemmed with elastic all the way around for a snug, comfortable fit and will fit tables up to 33 inches wide.

Our **crescent cover** is designed for comfort and fit and will protect your headrest from facial oils and makeup. 2pack.

Our flannel sheets are available in natural, white, lavender and blue.

# our Tools & Stools

## Pneumatic Rolling Stools

Our stools offer a height range of 19 3/4" to 27 3/4" inches, wheels for ease of movement, rugged construction, 3-inch padded seat and choice of vinyl. 350 lb. weight limit. The perfect compliment to your table, in matching vinyl. Available in NaturSoft™ and DuraTouch®. Choose the Deluxe Stool, for back support, the Rolling Stool for ease of movement, or the Folding Stool, which folds flat for easy carrying, and weighs less than 5 lbs.

**Deluxe Rolling Stool with back**

**Rolling Stool**

**Folding Stool**  
13" x 13" seat  
19" high

## The Maple Knob

An innovative tool for hand use, on yourself and others.

## Massage Roller

Great for deep therapeutic massage along the spine.

## Big Step & Little Step

Strong, stable step-up platforms eliminate the need to adjust your table when working on larger clients.

## Theracane

A deep-pressure self-massage tool designed for hard-to-reach points on the back and shoulders.

## Lotus Touch Always Fresh

Professional-strength, biodegradable detergent is formulated to break down oils, eliminate stains and neutralize odors.

**LOTUS TOUCH**  
PURE INGREDIENTS POWERFUL RESULTS

# our Oils & Crèmes

## Earthlite Massage Creme

Vitamins A, E and C repair and moisturize while pure lavender essential oil lends a feeling of peace and well-being. Our Multi Purpose Massage Crème is long lasting with the glide and feel of oil, and absorption of lotion. Makes skin feel soft and smooth without residue. Available in 8 oz. tubes, 16 oz. pump and 1 gallon bottles.

## Essential Oils & Diffuser

The Aroma-Stream is a clean, safe and effective way of vaporizing essential oils without using a hot ring or exposed flame. Instead, a stream of air diffuses the essential oils, ensuring the purity of their fragrance. Call for available scents and blends of oils.

## Earthlite Massage Oil

Our Massage Oil has a silky feel, glide and is completely water dispersible — it washes easily off linens, clothing and skin. No more stained or rancid sheets. With vitamins A, E and C to repair and moisturize. Available in 8 oz. and 1 gallon bottles.

## Earthlite Oil Holsters

Available in single or double pockets, in teal, purple, royal, black, or navy. Includes belt and bottles.

# our Carry Cases

## Rugged Deluxe Carry Case

Features four convenient pockets to hold all of your supplies. The main pocket has been designed to hold either a full, half round, half jumbo or fluffy bolster. Additional supplies, such as oils or sheets, easily fit into the other three pockets. The Deluxe Carry Case is available for the Infinity, Luna, and Spirit tables. (It is constructed of heavy-duty nylon, a padded shoulder strap and a reinforced bottom).

Available in teal, purple, navy, black and wine.

## Standard Carry Case

Protect your table with our heavy-duty nylon constructed case with reinforced bottom to guard against bumps and scrapes. It has a comfortable padded shoulder strap, which allows you to balance the weight of the table evenly between your shoulder and opposite arm. Earthlite Carry Cases are custom fit and have a large pocket for accessories.

Available in teal, purple, navy, black and wine.

## Table Cart

Enjoy the ease of rolling your table wherever you go. Our table cart works with most portable massage tables. It has a telescoping handle, 6 inch wheels, stair glides and folds up compact for easy travel.

Comfort Bolster 3" x 18 1/2" x 21"

Angle 10" x 20" x 27"

# our Upholstery

## Natursoft™ Vinyl

Natursoft feels soft to the touch...a luxurious silky-smooth feel similar to fine glove leather. We've tested Natursoft's durability with an extensive rub test, including several of the most popular oil and cream products used in today's spas. The results were phenomenal...a long lasting, easy to clean vinyl that is so soft, you have to feel it to believe it! And most importantly, Natursoft is an environmentally friendly polyurethane vinyl, fulfilling Earthlite's commitment to our environment and to our customers.

# our Warranty

## Absolute Satisfaction

If, for any reason, you are not completely satisfied with your Earthlite portable table or chair, you may return it within 30 days for a full refund including ground shipping on the original order – continental United States only. Returns must be pre-approved by Earthlite, in like-new condition and in the original packaging with the original receipt of purchase. Customer is responsible for any shipping charges on returns or exchanges.

## Lifetime Limited Warranty

### Portable Tables and Chairs

Earthlite guarantees our portable tables and chairs and headrests, excluding the foam and vinyl, against defects in material and workmanship for as long as you, the original purchaser, own the product, or for five years after the model is discontinued. The foam and vinyl are warranted for three years from the original date of purchase. This warranty does not cover damage caused by misuse, accidents, or neglect, which includes tears in the upholstery and damage caused by harsh chemical-based cleaners. This warranty is limited to product repair or replacement, at Earthlite's sole discretion. You are responsible for shipping the product back to the factory for any warranty claim. Earthlite will return the warranted product, shipping prepaid, to customers in the continental USA. International customers are responsible for all shipping charges (inbound and outbound), as well as any applicable duties, and taxes.

### Electric Lift Tables and Stationary Tables

Our electric lift tables and stationary tables have a lifetime warranty on the frame. The lift motor and controls have a 2-year warranty from the original date of purchase. If, within these two years, there is a defect, malfunction or failure of the lift motor or controls, Earthlite will replace or repair the defective component at our discretion, shipping not included. The foam and vinyl are warranted for three years. This warranty does not cover damage caused by misuse, accidents, or neglect, which includes tears in the upholstery and damage caused by harsh chemical-based cleaners. This warranty is limited to product repair or replacement, at Earthlite's sole discretion.

### Accessories

Our accessories are warranted for 1 year from the original date of purchase against defects in materials and workmanship. This warranty is limited to product repair or replacement, at Earthlite's sole discretion, shipping not included.

## Testing and Safety

We take a great deal of pride in knowing that our tables are among the strongest in the industry. We continually test our tables for strength and stability, but no matter how good these tests are, none can determine how a table will perform in actual practice. The real test is the test of time, and Earthlite tables have passed this test with flying colors. Just ask any Earthlite table owner!

## Guiding Principles

### Heal Humanity through Touch

We recognize the powerful effects of massage and other healing modalities, and will do our part by offering the highest quality tables and accessories so massage therapists can go about their higher purpose of healing humanity through touch.

### Product Excellence

We promise never to compromise on materials to save a buck, but to make our tables the best we can, with the same care and love our customers have come to expect from Earthlite. We are committed to constantly innovating and improving our products.

### Earth Friendly

A respect for nature and environmental integrity is at the core of our company philosophy. Earthlite will use environmentally friendly materials and processes whenever possible. We will continue to recycle, minimize waste and build our tables to last so they won't show up in landfills. Earthlite's Plant a Tree™ program reduces our carbon footprint by planting a tree for every table we make.

### Fair Practices

We will treat our employees like family, with honor and respect, and continually strive to make Earthlite a rewarding and fun place to work. Earthlite will treat our customers and vendors fairly, seeking win-win situations.

### Global Responsibility

We realize that we have a responsibility to give back to the world community. Earthlite will continue to support humanitarian projects and sponsor the Earthlite Response Team. We are committed to making all of our global manufacturing meet the same high standards as we have in the U.S.
